Features

- ✚ Auto Zero & Full Tare Function
- ✚ Numeric Message function display
- ✚ Green color 7 segment LED display
- ✚ Single End-Share Beam Type Load Cell
- ✚ SS 304 Top pan with MS structure
- ✚ height Adjustable Platform Supporter

General Specifications

Capacity	Min. Weight	Readability	Platform Size
200 kg	1 kg	20 gm	600 x 600 mm
300 kg	2 kg	20 gm / 50 gm	600 x 600 mm
500 kg	5 kg	50gm / 100 gm	600 x 600 mm
1000 kg	10 kg	100 gm / 200 gm	1200 x 1200 mm

Technical Specifications

Model	BE Series
Type of Ex-Protection	AS PER IS 2148-2004 / IEC-60079-1:2007

Zone Classification	Zone 1 & Zone 2
Gas Group	Gas Group I, IIA, IIB
Ingress IP Protection	IP-65 IS / IEC60529-2001
Material of Contraction	Die Cast Aluminum Alloy LM6
Green Push Button	4 Nos. PUSH with NO Contact element for 10 AMP
Switch	1 NO 12A DP, ON-OFF Switch 250V A.C. 50Hz
Glass Window	100 X 50 mm with Type "A" Toughened with Mt. Clamp 02 Nos.
Terminal	As Per Client Requirements
Paint	Epoxy Polyester Powder Coating
Earthling	Internal: 01 No. & External: 2 Nos.
Hardware	Stainless Steel

Optional Accessories

- + Data Printer
- + RS 232C Interface
- + RS 485 Interface
- + External Display
- + External power supply backup
