Company Overview

WEIGHINGTEC SYSTEMS stands at the forefront of the weighing solutions industry, driven by a commitment to precision, innovation, and customer satisfaction. Since our inception, we have been dedicated to delivering cutting-edge technology and comprehensive service in the realm of weighing systems. Our expertise spans a diverse range of applications, from industrial operations to laboratory environments, ensuring that we meet the unique needs of each client with unparalleled accuracy and efficiency.

"**WEIGHINGTEC SYSTEMS**" was founded in 2022 by **Mr. Anik Chakraborty**, who is still running the business 2 years later. As a corporate company, we care about every customer's satisfaction and put everything we have into every job.

We are a full-service industrial-scale company whose driving purpose is customer service. Our engineers are trained and experienced with the most intricate, lab balances to the multi-ton railroad, truck, crane scale, laboratory equipment like autoclave, muffle furnace, oven, and many more. We maintain multiple tests with accurate, certified equipment. We have a fleet of service teams ready for support

Mission & Vision

Mission:

WEIGHINGTEC SYSTEMS' mission is to revolutionize the weighing industry through innovative technology and exceptional service. We strive to enhance operational efficiency and accuracy for businesses across various sectors by providing high-quality, reliable, and customized weighing solutions.

Vision:

Our vision is to become a global leader in the weighing technology sector, renowned for setting industry standards in innovation, quality, and customer service. We are committed to continuously improving our products and expanding our reach to serve clients worldwide, ensuring that our solutions contribute to their success.

Core Values

- **Innovation:** We are dedicated to staying ahead of technological advancements, ensuring our products incorporate the latest features and functionalities.
- **Customer Focus:** Our clients are at the heart of everything we do. We prioritize understanding their needs and delivering solutions that exceed their expectations.
- **Integrity:** We conduct our business with transparency and honesty, building trust through our actions and commitments.
- **Quality:** We adhere to the highest standards in product development and service delivery, ensuring reliability and performance.

Services

1. Industrial Weighing Equipment

WEIGHINGTEC SYSTEMS offers a comprehensive range of industrial weighing equipment designed to meet the rigorous demands of various industries. Our product line includes:

- **Floor Scales:** Durable and accurate, ideal for heavy-duty applications. Our floor scales are built to withstand the toughest environments while providing precise measurements.
- **Platform Scales:** Versatile solutions suitable for a wide range of applications, from logistics to manufacturing. These scales are known for their robustness and reliability.
- **Truck Scales:** Designed for high-capacity weighing, our truck scales offer accurate measurements for vehicles of all sizes, ensuring efficiency in transportation and logistics.

Each product is engineered with advanced technology to deliver accuracy and reliability, backed by our commitment to quality and performance.

2. Laboratory Weighing Systems & Equipment

Precision is crucial in laboratory settings, and **WEIGHINGTEC SYSTEMS** delivers with our range of high-precision scales and balances. Our laboratory products include:

- **Laboratory Equipment:** Oven, Frager, Microscope, Autoclave, Fume Hood, Bio Safety Cabinet, Water Bath, etc.
- **Analytical Balances:** These balances provide precise measurements for laboratory research and quality control applications. They are known for their high accuracy and sensitivity.
- **Precision Balances:** Ideal for tasks requiring accurate measurements, these balances are built to offer reliable performance in various laboratory settings.

Our laboratory weighing systems are designed to meet stringent industry standards, ensuring consistency and accuracy in every measurement.

3. Custom Weighing Solutions

Understanding that each industry has unique requirements, **WEIGHINGTEC SYSTEMS** specializes in providing custom weighing solutions tailored to specific needs. Our approach includes:

- **Customized Design:** We work closely with clients to design and manufacture weighing systems that align with their operational requirements.
- **Integration Services:** Our team ensures seamless integration of custom solutions into existing systems, enhancing efficiency and functionality.
- **Flexible Solutions:** We offer scalable options to accommodate different capacities and applications, ensuring that our solutions grow with your business.

Industry Applications

Our weighing solutions serve a wide range of industries, including:

- **Manufacturing:** Enhancing accuracy and efficiency in production processes with robust weighing equipment.
- **Logistics and Transportation:** Providing reliable measurements for effective inventory management and transportation logistics.
- **Pharmaceuticals:** Ensuring precision and compliance in laboratory and production environments.
- **Food and Beverage:** Supporting quality control and inventory management with accurate and dependable weighing systems.

Our Bands

STERICOX

A good brand is built on trust and reliability, consistently delivering quality products or services to customers. It resonates with its target audience by communicating its values, vision, and identity effectively. At **WEIGHINGTEC SYSTEMS** we work with renowned brands to serve for best products.

Esteemed Clients

At **WEIGHINGTEC SYSTEMS**, we are proud to serve a diverse range of prestigious clients across various industries. Here are just a few of the organizations that have trusted us with their weighing solutions:

Client Testimonials

"Weighingtec Systems' have revolutionized our operations, delivering unmatched accuracy and reliability. Their expertise and support have been invaluable to our success."

— Mr. Bipul Roy, CEO, High Mark Defense Int.

After Sales Support

At **WEIGHINGTEC SYSTEMS**, we believe in providing comprehensive support to ensure the optimal performance of our products. Our service offerings include:

- **Maintenance:** Regular maintenance services to keep your weighing systems in peak condition, minimizing downtime and extending product lifespan.
- **Calibration:** Accurate calibration services to ensure your equipment meets industry standards and provides reliable measurements.
- **Technical Support:** Expert assistance for troubleshooting and resolving issues promptly, ensuring minimal disruption to your operations.

Our Team

Our success is driven by a team of dedicated professionals who bring expertise, passion, and innovation to their roles. **WEIGHINGTEC SYSTEMS** is proud of its **Experienced Engineers, Customer Service Experts & Technical Specialists.**

ANIK CHAKRABORTY
CEO

He has an engineering background person, he gives a message to the clients “Let’s work together to drive innovation, create value, and achieve our strategic goals.”

ZALLAL HOSSAIN
Manager, Sales & Distribution
He is a CSE background person, and with his collaboration we have achieved an amazing goal

RASSEL AHMED
Manager, Service Division

With his technical knowledge and faster response, we can give smooth service support to our customers, creating a miracle image for our customers.

NURNABI MOSTAFA
Manager, Finance & Account
Under his leadership, the finance and accounting Department has consistently met and exceeded targets, contributing significantly to the overall success
